## Learning Support Team (LST)

The LST provides a mechanism to:

- Coordinate a whole school approach to identifying and supporting students with adjusted learning needs
- Facilitate a whole school approach to the development of personalised learning and support in consultation with students and parents;
- Support the additional professional learning needs of staff; and
- Deploy available resources to promote effective learning and support for students.

## Literacy Team

Expected outcomes:

- All teachers will share common expectations, methodology and understandings around literacy
- Evidence of improved student performance in all areas of literacy
- Evidence of enhanced teachers' knowledge of literacy skills and pedagogy in all KLAS

## Numeracy Team

Expected outcomes:

- All teachers will share common expectations, methodology and understandings around numeracy
- To increase individual student outcomes in numeracy
- To build up the numeracy resources for use in all KLAS
- To enhance staff and parent understandings of numeracy

## Career & Transition Team (CATT)

- Identifies and supports targeted students;
- Promotes engagement and retention of students;
- Develops a personalised program of career and transition support;
- Strengthens partnerships between the school, industry, business and organisations;
- Coordinates Work Education Program.
