STUDENTS OFF TO A GREAT START

The school got off to a great start last week! The Year 7 Peer Support program included team building activities and the opportunity for students to get to know each other. They had a barbeque lunch before getting started with school work. I would like to thank our Year 10 leaders for giving up their last day of holidays to welcome our new students. Our Year 11 students took part in the mandatory Crossroads program where they received important messages about health, safety and wellbeing. Important information was also presented on senior expectations and the Preliminary HSC Assessment Policy. All other year groups got straight down to school work. On the whole, our student uniform was outstanding, with many of the year 10 students wearing the optional white uniform as part of our new senior foundation course. Over 90% of students were also in correct footwear. A reminder to parents that all students are required to wear either all black or all white shoes – not a mix of, or other colours. Thankyou to parents and carers for supporting our school processes and policies and providing our students with a great organised start to the year.

OUTSTANDING HSC RESULTS

On behalf of the staff at Lambton High School I wish to congratulate Year 12 2017 on their outstanding HSC results. We received 74 distinguished achievements (Band 6 or E4) and 189 Band 5 results. These are almost identical to the 2016 record HSC achievements. The consistent high performance is another affirmation of the development of the teaching and learning practices taking place at Lambton High. Congratulations and thankyou to all staff in the academic and welfare support of our students.
